## THE CITY OF SEATTLE

WASHINGTON

## DEPARTMENT OF POLICE

May 1, 1943

To the Mayor and City Council  
City of Seattle, Washington

Honorable Members:

In compliance with Section 5, Article VII of the City Charter, I herewith submit statistical report of the business transacted by the Seattle Police Department for the year ending December 31, 1942.

This report will show the tremendous increase in police work during the year 1942 due to our war-time activities, the large industrial growth in this city in war-production plants, and the greatly increased population of the city and immediate vicinity.

It will be noted that the arrests for the year of 1942 totaled 42,072 as compared with 28,367 during the year 1941. With a large temporary floating population and the necessity of increased vigilance in the protection of our war-production program, it has been necessary for the Police Department to follow a policy of strict law-enforcement and to take into custody all suspicious or vagrant persons in order to suppress any attempts at sabotage or interference with Governmental activities in this time of crisis. Our efforts in assisting the Government in the enforcement of all war-time regulations has resulted in many arrests of floaters and suspicious characters. However, from this report, it will be noted that there has been no increase in the number of major criminal offenses committed or reported to the police over the year 1941, the increase in arrests being accounted for by a closer check on misdemeanors, drunks, floaters, and so forth.

Our National Defense Detail has worked in close cooperation with the Federal Bureau of Investigation in the enforcement of all war-time regulations and all male persons arrested have been carefully checked as to their Selective Service status, which has resulted in many violators of this act being apprehended.

All branches of our civilian defense program, inaugurated after the beginning of the war, have been enlarged, and advanced methods adopted during the year 1942. Inspector A. L. Chaffee of this department has been appointed Chief of the Auxiliary Police and Coordinator to work with the Civilian Protection Division of the Seattle War Commission. Assisting him is Sergeant Mac Treisch of this department, who has been appointed by Mayor Devin as Chief of War Aid and Evacuation. An officer of this department has been assigned as Chief of Staff to the Director of Civilian Protection, and three other officers of this department have been assigned to man the control room and communication center of the Civilian Protection headquarters in the Field Artillery Armory. The three branches of Civilian Defense, namely, the Auxiliary Police, the Home Defense Infantry Reserve, and the Air Raid Wardens, have all been greatly expanded in the matter of numbers and improved and advanced instruction and methods of operation during the year of 1942.

Our Auxiliary Police and Civilian Defense Division give every assistance in the advancement, proper instruction, and organization of these three groups composing our Civilian Defense activities.

In our own department, all members completed their course of instruction in First Aid during the early part of 1942 at our Police Training School as well as completing a course in the various phases of civilian protection, such as the handling of bombs, gases, demolition work, evacuation, and so forth. The efficiency of our Civilian Protection and Civilian Defense units has been built up through courses of instruction and training in our police training school, and we believe that these efforts have resulted in the building up of a Civilian Protection Division in this city which compares very favorably with those in other cities throughout the country. In view of the fact that Seattle with its many war plants and close proximity to large military concentrations and its importance as a shipping center may be subject to attack by enemies, we have endeavored to maintain the department at a high peak of efficiency in order to be able to cope with any war-time emergency that may arise.

During the year 1942 this department in conjunction with the King County Commissioners has completed and put in operation a new frequency-modulation radio station, and our police prowler cars have been equipped with the latest type of frequency modulation receivers. This has been a splendid step forward in advancing our radio communication system, which is a most vital branch of modern police service.

Immediate consideration should be given by the members of the City Council to the matter of providing a proper City jail for the handling of all City prisoners. At this time I again wish to call to your attention the overcrowded and unsanitary conditions of the present City jail, on the top floor of the Public Safety Building. It is necessary at this time to board an average of 200 prisoners per day at the King County jail at a great expense to the City. Even with this number being taken care of at the County jail, we still have an average of 375 to 400 prisoners per day in the City jail, which was originally built to accommodate approximately 175 prisoners. Due to lack of facilities and food rationing, the County jail is unable to handle more City prisoners than at present. Consideration should be given to some plan of handling habitual drunkards in order that they might be rehabilitated and their time occupied in some constructive work.

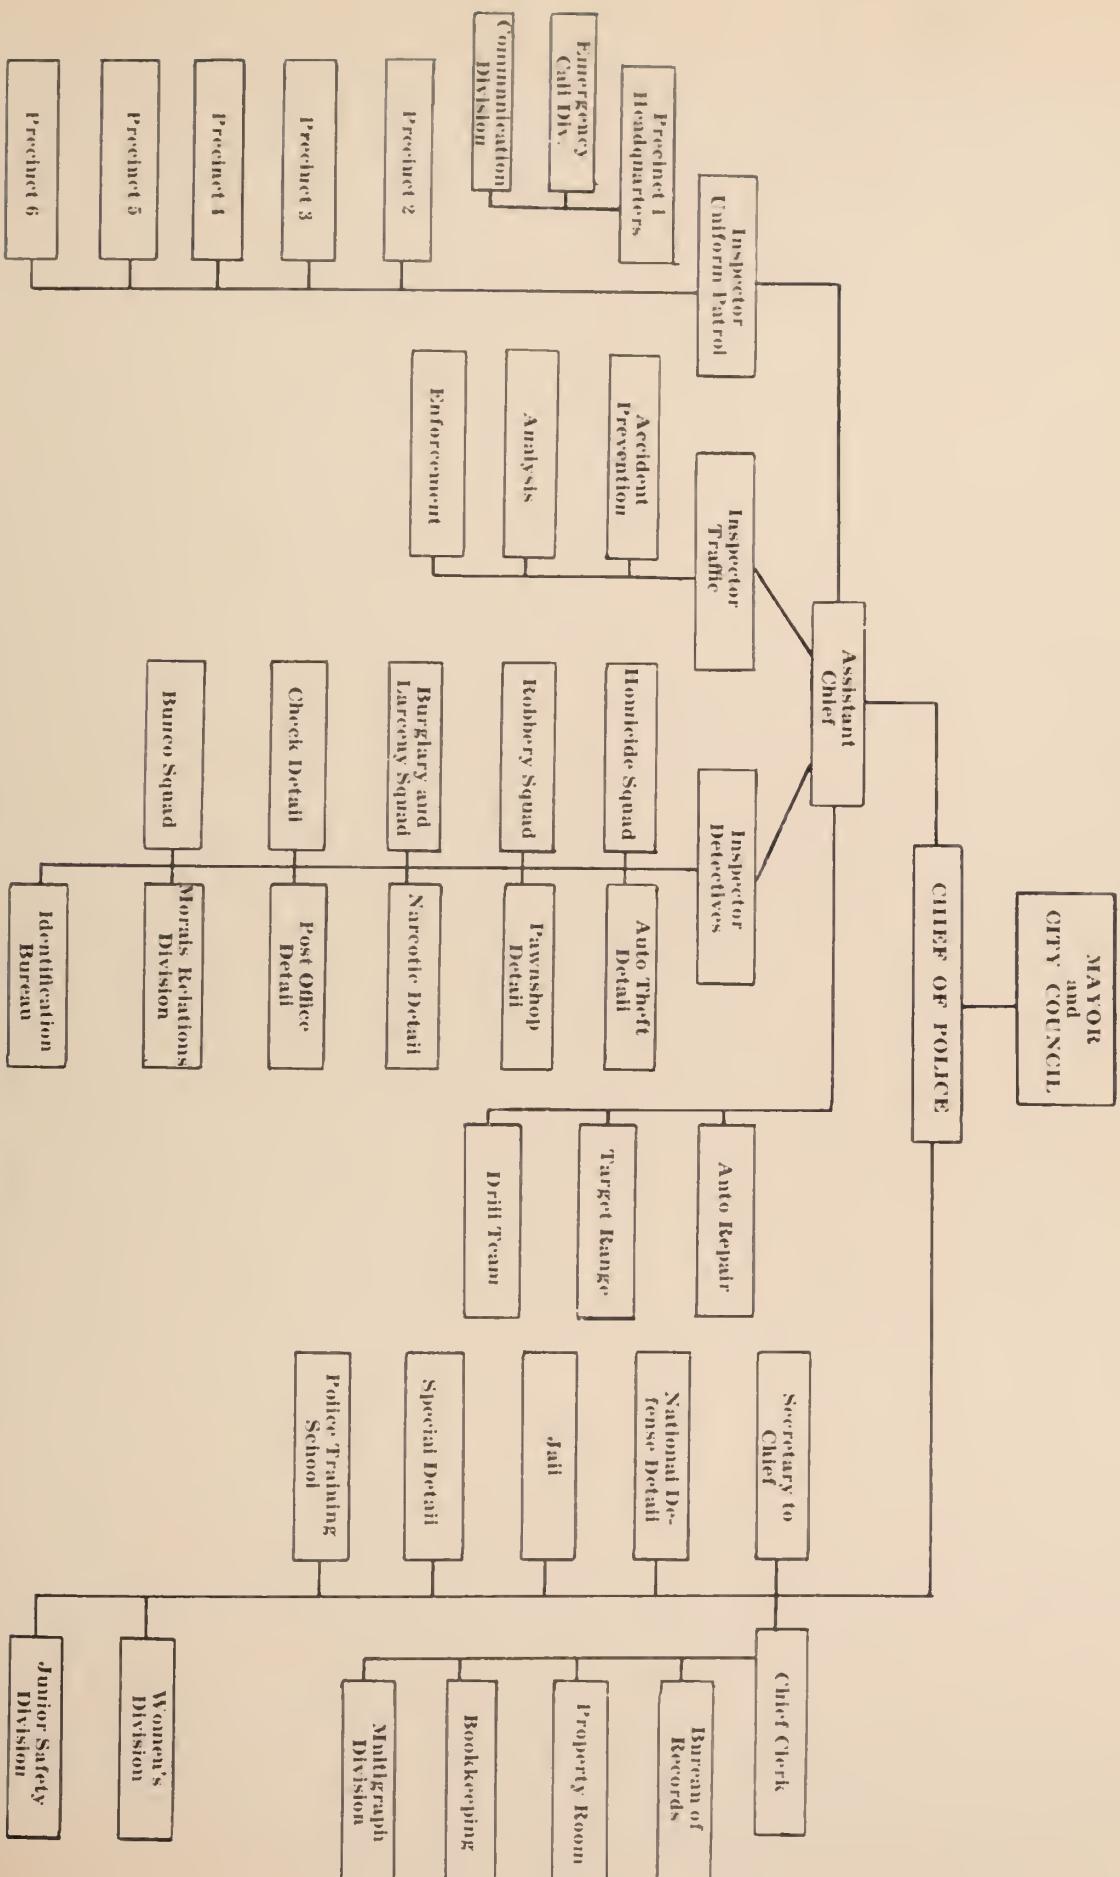

In view of the many tasks confronting us in these wartime conditions, this being the first full year of the current war, it has been necessary for the officers of this department to work many hours of overtime which I feel the citizens of Seattle appreciate, as shown by the many letters of commendation received. Much credit should also be given to the work of the volunteer members of all branches of Civilian Defense throughout the City. Much time and sincere effort has been put forth by thousands of citizens in perfecting these organizations, and on behalf of this department, I highly commend them for their patriotism and loyalty to this community and our National Government.

Respectfully yours,

H. D. KIMSEY, Chief of Police.
